| Humanities/Art/Music | Topic based projects      | Set half termly |                   |

In support of our Homework Policy, please see below for a more in-depth overview of the homework you can expect children to receive in Year 7 and Year 8. Please be aware that this may occasionally vary and the class teacher may give out additional work; this is at their discretion. The effect of homework on pupil outcomes in the secondary phase of education is excellent.

All Maths homework will be set on: <https://www.mymaths.co.uk>

French and Science homework will be set on alternate weeks and will be based on current lessons. Children will have two weeks to complete each piece of homework. Week commencing 18<sup>th</sup> September French homework will be set, the rest of the academic year will following on a rotation basis.

Children will also complete a half-termly project for Humanities, Art and Music which is linked to their Big Write and the current topic.

If there is anything that the pupils do not understand, we encourage that they speak with their Form Tutor and we will gladly explain it further.
